## COSTA BLANCA

# FIRST E-FRIENDLY HOTEL TO OPEN

SPAIN'S first biological hotel is set to open in Alfaz del Pi. The revolutionary and environmentally-friendly building, named Aparta-Hotel Venus Albir and managed by Austrian company Bio Hotels, will open its doors on November 17. The hotel has been built entirely out of natural and local products, causing no strain on resources and respecting the environment.

The inauguration is timed to coincide with the first Alfaz and Albir ecological food and tourism fair, which will take place at the hotel and feature food sampling, conferences, workshops and exhibitions. Visit [www.venusalbir.com](http://www.venusalbir.com) for more information.
